

71 RED

Threadlocker High Strength

ADHESIVE R&D®'s anaerobic adhesives and sealants represent the latest generation in anaerobic chemistry. Anaerobic threadlockers remain liquid when they are exposed to the oxygen in air, but in the lack of air, (or anaerobic environment) these products quickly polymerize and fill the inner space between the surfaces. In a continuous quest to improve the performance of anaerobic adhesive's and sealants, ADHESIVE R&D® works with leading edge engineers to push the chemistry forward, to increase cure speeds and bond strengths, and to design products that are able to cure on contaminated or inert surfaces and yet remain stable without special handling.

71 RED™ is a high strength medium viscosity threadlocker. It provides excellent strength on a variety of different size fasteners, and has great resistance to surface contamination. Use **71 RED™** for all jobs requiring a fast setting permanent thread locker.

* Locking torque Per ASTM D5363 Specification.
3/8-16 plain finish cap screws and nuts.
Larger fasteners will increase surface area and breakaway torque.

Physical Properties

Composition Anaerobic Methacrylates
Color Red
Fluorescence Under Blue Light
Viscosity 450-550 cps
Specific Weight 1.05
Flash Point >200°F
Solvent Content None
Shelf Life @ 72°F 2 years

Curing Properties

Handling 5-10 minutes
Functional Cure Time 1-2 hours
Full Cure 8-10 hours
Locking Torque* room temp.
Breakaway 250-350 inch lb's
Prevaling 250-350 inch lb's
Temperature Range 350°F

We believe the information contained herein is current and accurate as of this date of this Technical Data Sheet. Since the use of this information and these opinions and the conditions of use of this product are not under the control of ADHESIVE R&D®, Inc. or it's agents or distributors, it is the user's obligation to determine the conditions of safe use of this product. The buyer should conduct its own tests of this product before use to determine proper preparation technique and suitability

for proposed application. ADHESIVE R&D, Inc. warrants that the product conforms with ADHESIVE R&D's written specifications, and is free from defects and disclaims all other warranties, expressed or implied and is not responsible for loss claim of damages resulting from the use of it's products.
